The following is required reading if you don't want your 40As returned to you.

**We have been accepting some pretty badly filled out 40As in the past and making corrections for you. That will no longer be the case. From now on if you turn in a 40A that is improperly filled out we will just return it and request an updated one before paying it out.

**You CANNOT reschedule a UTA on a UTA. I know this sounds confusing, so here is an example. If you come in and work on November 5/6 (the scheduled UTA) and want to use UTAs, you MUST use the November UTA periods. If you try to reschedule October or December UTAs on that period it will lock your UTAs and cause us to have to recoup pay.

**16 is the MAX for UTAs AND TPs in any quarter. Do not try and go over this limit please.

**UTAPS is accessible to all of you and you should have your own account. It is the only way for you to see what periods you have actually used or not used and how many TPs have been paid out to you. It's a really useful tool and will hopefully help you all keep track of your statuses better. Here is the link… UTAPSWeb Disclaimer (af.mil)

You can only digitally sign a 40A if you are signing on the last day of duty. For example, you worked Nov 6,7,8. You can only digitally sign the 40A on Nov 8. If you are turning it in late you have to **wet sign it.

**You can only have ONE months reschedules per 40A. For example, you cannot reschedule Oct and Nov UTAs on a single 40A, that requires 2.

**Additionally, you can only reschedule consecutive days on one 40A. For example: If you worked Nov 6,7,9,14. That will be THREE separate 40As. One for Nov 6 & 7, one for Nov 9 and one for Nov 14.

That was a lot, we know. However, these are the common mistakes that we have been having to spend a lot of our time fixing for you all. Please help us out and take your time filling these out, so as not to waste ours.

Thank you,

Pilot Scheduling
