PUCKBOARD LOGGING GUIDE (MISSIONS & LOCALS)

- You will log the following in **Puckboard**: AFTO 781, MARS (Training accomplishments) & Fuel Tracker (MEEP)
- You will log the following in **CONTENT:** FA Corrected Copy, FA FCIF, ORM, Form 73
    - If CONTENT is failing use **GoodReader**
- **ONLY MEMBERS SCHEDULED IN PUCKBOARD WILL HAVE ACCESS TO MISSIONS & LOCALS**
- **If you have any issues, try to troubleshoot by going back to the home screen "Event" page**
- **Keep an eye on the error's icon located at the top right corner** 

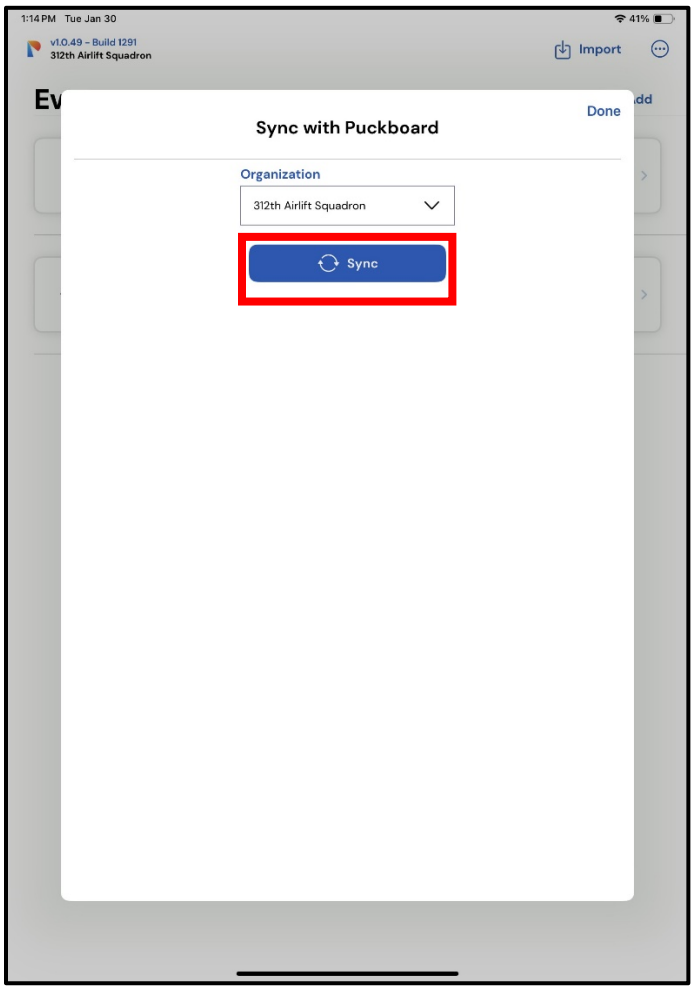

- **You will need to log each sortie individually. Once you have completed the sortie and are ready to log the next sortie you need to repeat Steps 5 – 15**

---

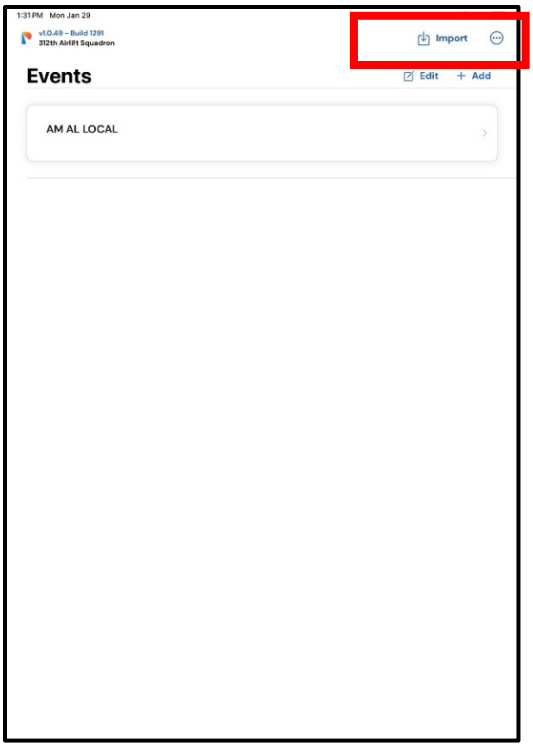

1. On the home screen, click on the "…" button, then select ***"Sync with Puckboard"***
    a. It will most likely have you sign in again through Safari. Continue to follow the prompts.

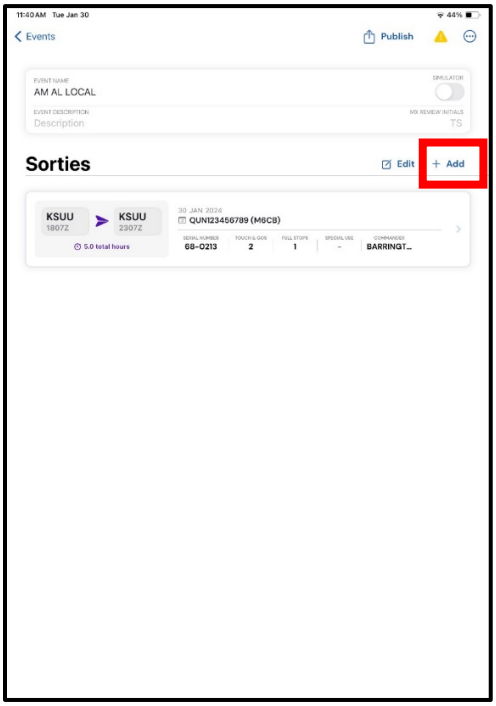

2. Click on the “Sync” button
3. After Sync is complete, click on “Done”

4. Click on “Import”, then select “Scheduled Event from Puckboard”
    a. *** Ensure you were scheduled in Puckboard for the specific mission, or you will not have access.**

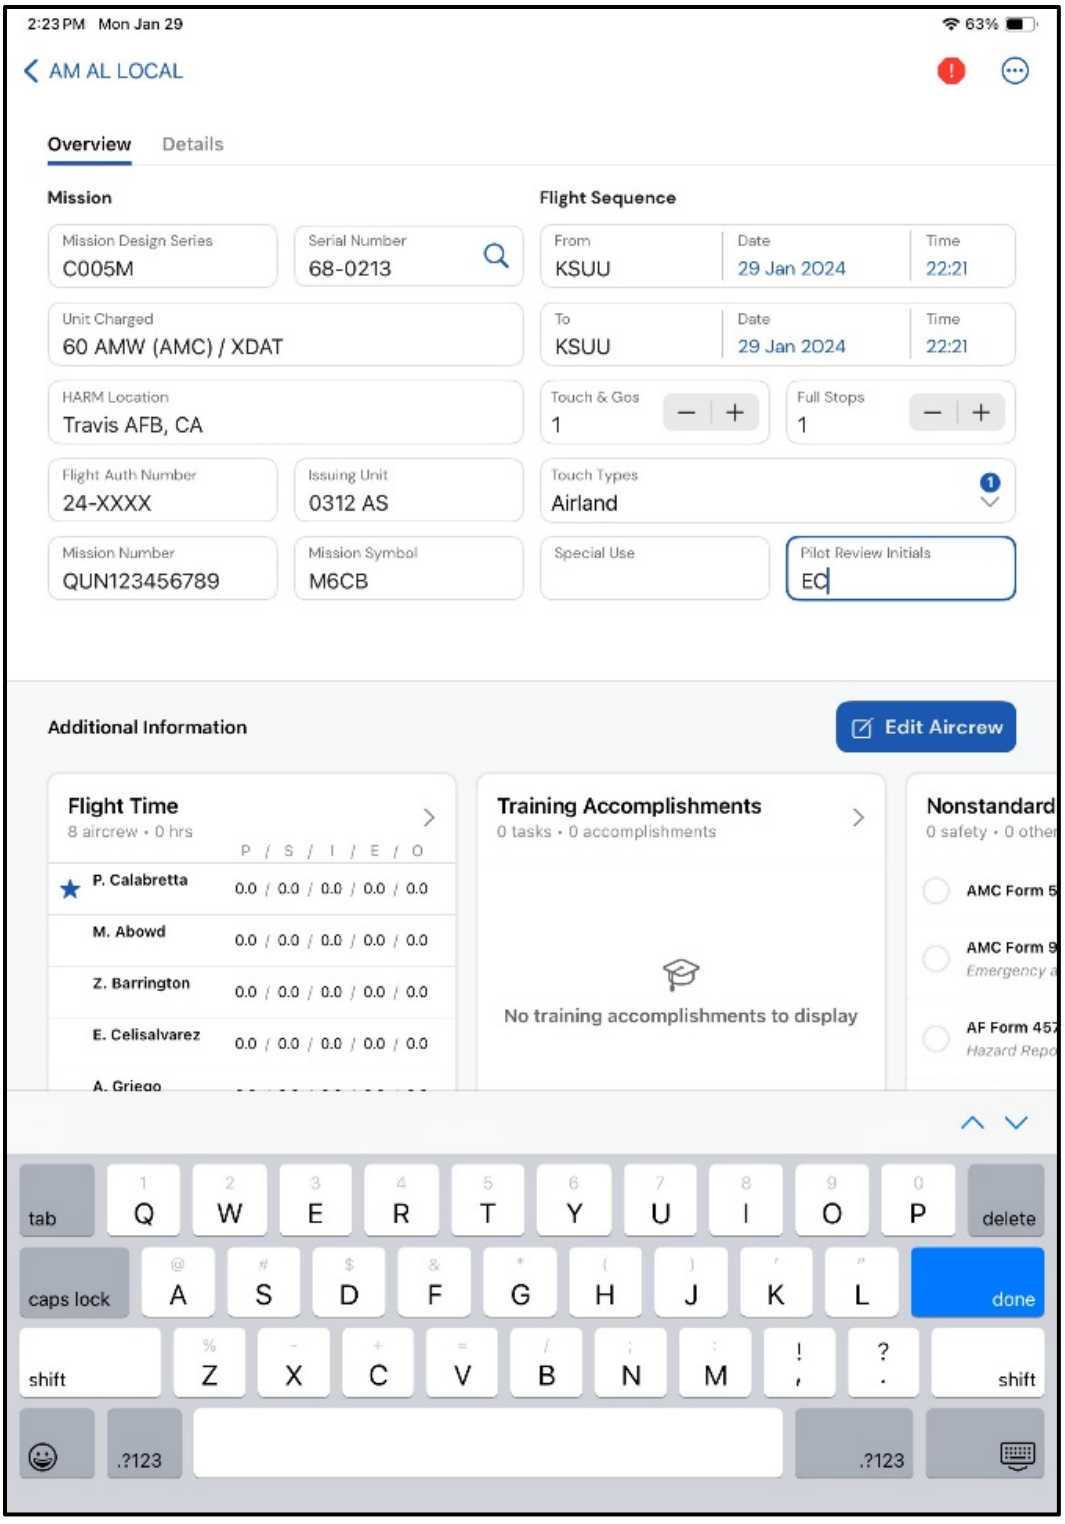

5. Select the mission type you are scheduled for; it will pop up under “Events”
6. To add a sortie, Click on “Add”
    a. If there are multiple sorties, **DO NOT** add the other sorites until you have completed the sortie prior.
    b. Once you are ready to add an additional sortie, you will repeat steps 5-15

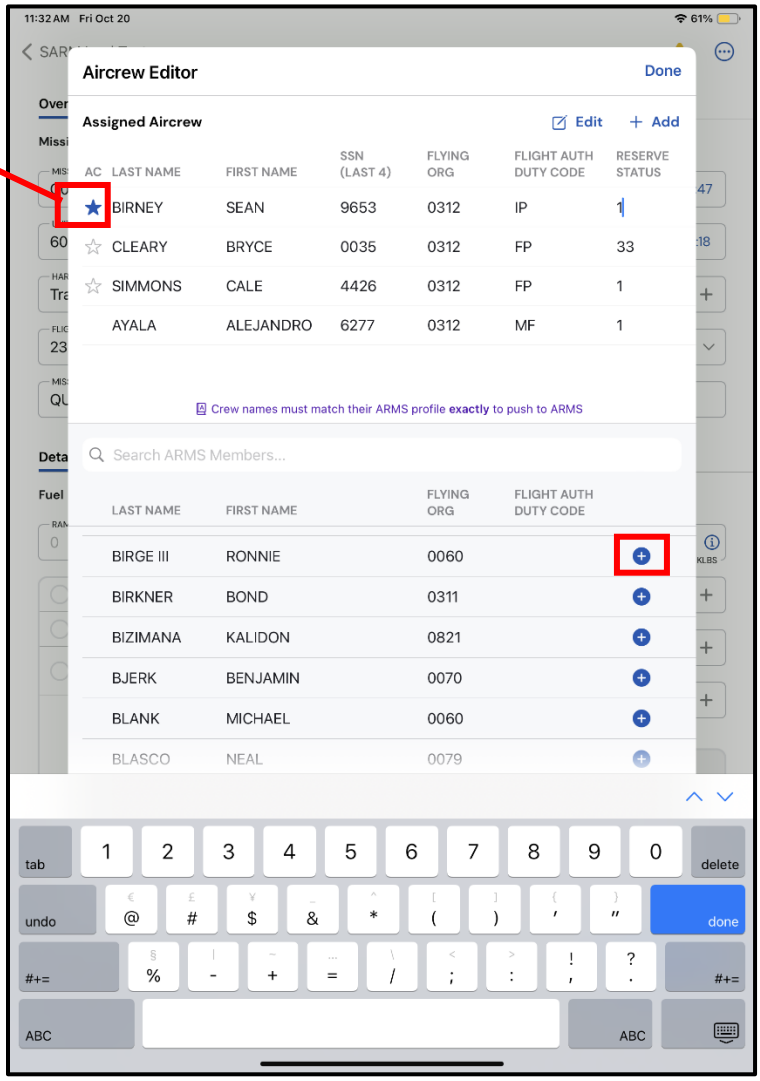

7. Select applicable sortie and proceed:
   Make sure that everything in the ***Mission & Flight Sequence* section is filled out exactly as shown below. Also, ensure you're filling out the following in this order. If you do not follow this order, then the information may be erased.
   a. **Mission**
      *If you select the microscope in the Serial number block, you can select the applicable Tail number and the sections highlighted below will be auto filled.
      i. Mission Design Series: C005M
      ii. Serial number: Tail number XX-XXXX
      iii. Unit Charged: 60 AMW (AMC) / XDAT
      iv. HARM Location: Travis AFB, CA
      v. Flight Auth Number: 24-XXXX
      vi. Issuing Unit: 0312 AS
      vii. Mission Number: Ex) QUN123456789
      viii. Mission Symbol: Ex) M6CB
   b. **Flight Sequence**
      i. From: Ex) KSUU
         1. Click "Set Date" and fill in the appropriate date and time (Z) then fill in the ICAO
      ii. To: Ex) KSUU
         1. Click "Set Date" and fill in the appropriate date and time (Z) then fill in the ICAO
      iii. Touch & Gos: Fill out the total of Touch and Gos
      iv. Full Stops: Fill out the total of full stops
      v. Touch Types: Select the appropriate mission profile (Airland, AR refueling, Etc)
      vi. Special Use: As required
      vii. Pilot Review Initials: AC initials

8. To verify members, click “Edit Aircrew” (Add and Remove members)
    a. The **Assigned Aircrew** section are the members that are on the 781.
        i. ** Members last name, first name, SSN (last 4), & Flying Org should be filled out. **If they are not, swipe left on the members name and select delete. On the bottom of this same page search for the member and select the blue bubble with a “+” to add the member**
    b. Ensure Fight Auth Duty Code (MP, IF, EL, etc.) & Reserve Status Code (1, 33, etc) is filled out for everyone
    c. You can add 312 and 22 members by clicking on the “+” button next to their name
    d. Click “done” once complete

Click on the Star for anyone that you want to designate as the AC. This will auto-generate Pilot Review Initials

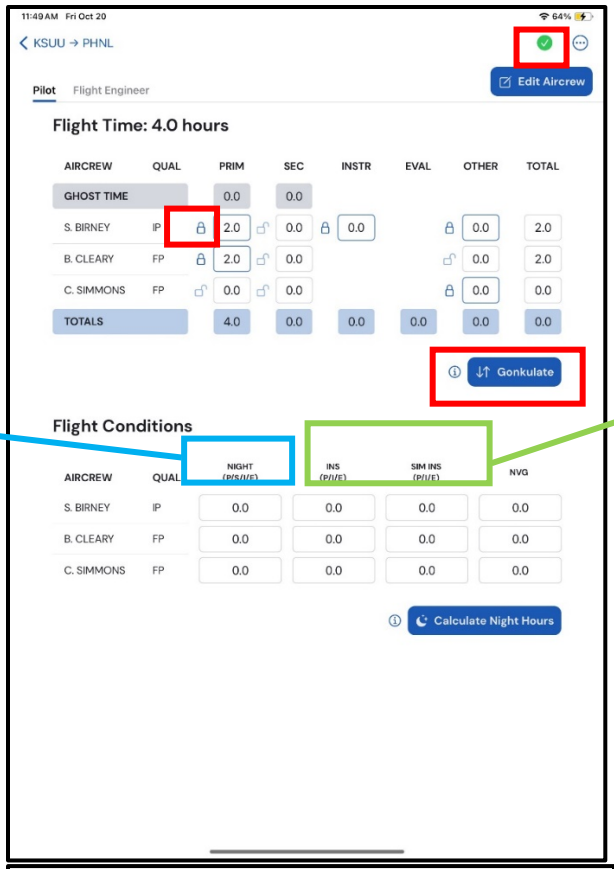

9. To fill out 781 Flight time, Select the “Flight Time” box

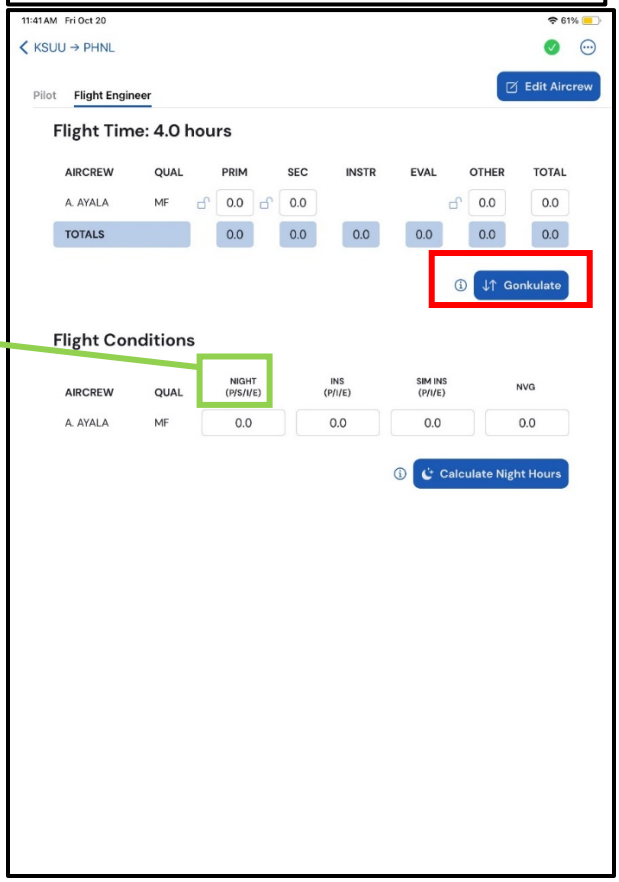

10. To input flight time

- **a.** Each section will have their own tab as seen on the top left corner of the page
- **b.** You can use the “Gonkulate” button to help distribute the flight times within each crew position.
- **c.** If you choose to manually input the flight time, use the lock button for each individual and their flight time category for it to remain saved.
- **d.** Ensure there is a green checkmark at the top right corner (No corrections needed)
- **e.** Once the Flight time and Flight conditions are completed, they will auto save.

Night Time is required if you claim a Night Events

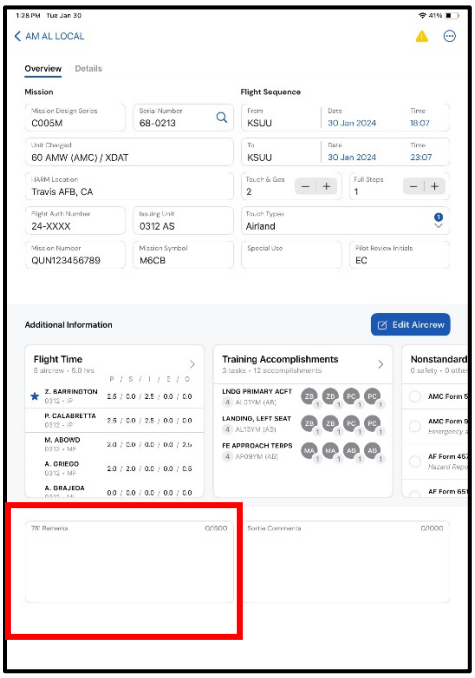

Instrument/Sim Instrument Time is required if you claim any Instrument Approaches (AP15YM/AP33YM/AP41YM)

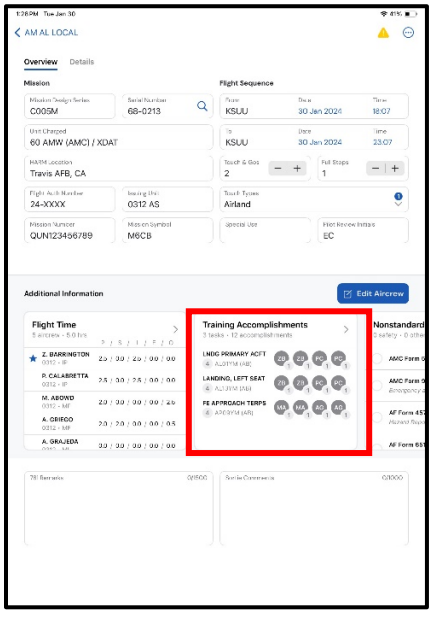

All members should have the same amount of Night time unless they are in Other time.

11. Add 781 Remarks

- **a.** Recurrent from NMR (I): Crewmember recurrent in TASK ID by Instructor Name
- **b.** Deplane/Enplane (J) : Crewmember deplaned/enplaned @ ICAO on DD MMM YY
- **c.** Assumes Command (L) /Primary (@2) /NCOIC (Q2): Crewmember assumes DUTY @ ICAO on DD MMM YYY
- **d.** Checkride (C/K): Crewmember checkride complete by Evaluator Name
- **e.** Do not add comments in the “Sortie Comments”. This is not applicable.

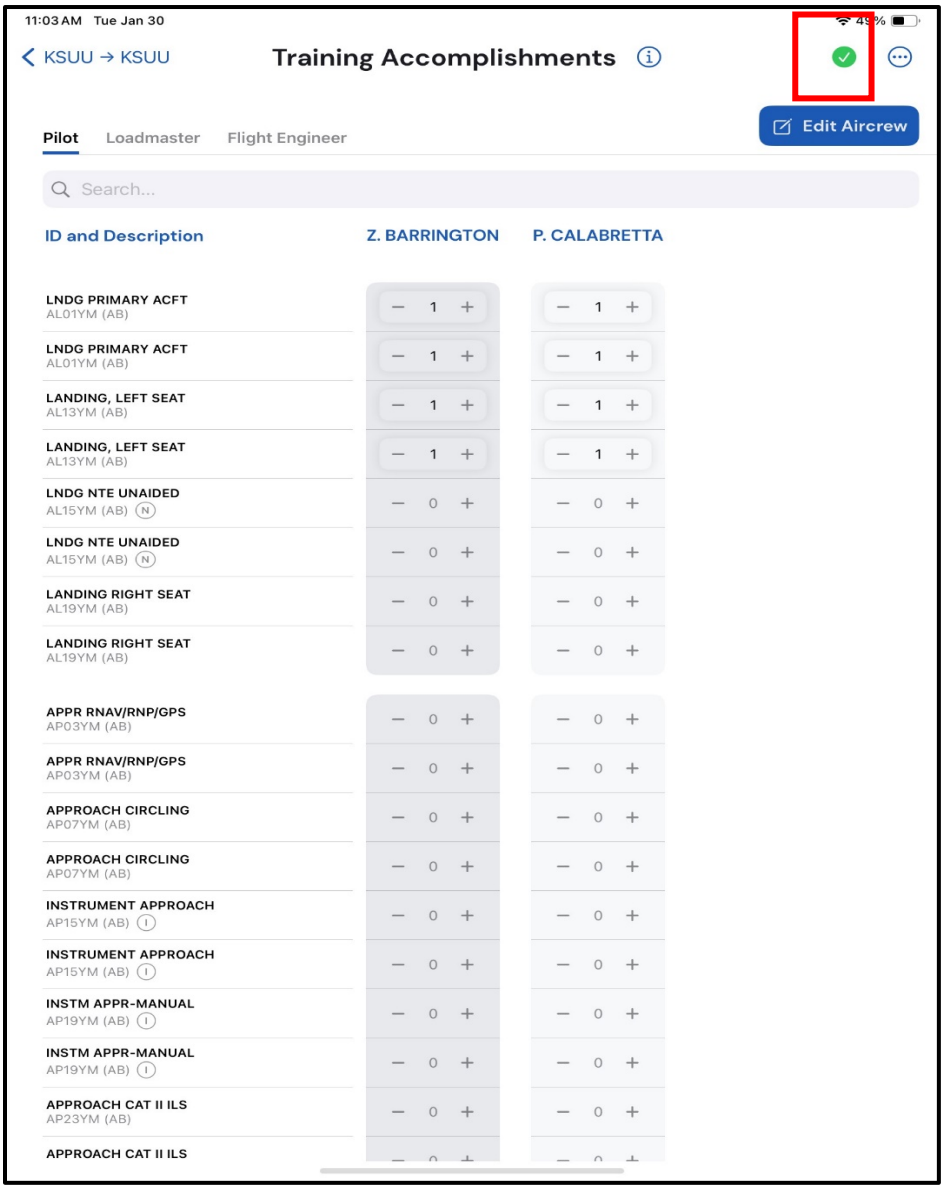

12. Click on the “Training Accomplishments” box

13. To log Training accomplishments

- **a.** Each section will have their own tab as seen on the top left corner of the page
- **b.** Log training accomplishments
  - i. Puckboard will display all flying and ground training events. This does not mean you can log them as they may not be in your training profiles.
  - **ii.** To avoid any issues, **reference your GTIMS MAR in BOX.** This will show you exactly what you can and cannot log.
- ***c. You CANNOT claim any training events if you are a "UP or UF"***
- ***d. Once completed training accomplishments will auto save***
- **e.** Ensure there is a green checkmark at the top right corner (No corrections needed)

DO NOT CLAIM Left-seat Takeoff/Landing (AT69YM/AL13YM) and ***Right-seat Takeoff/Landing (AT77YM/AL19YM)*** if you are an **"Aircraft Commander and above; MP"**

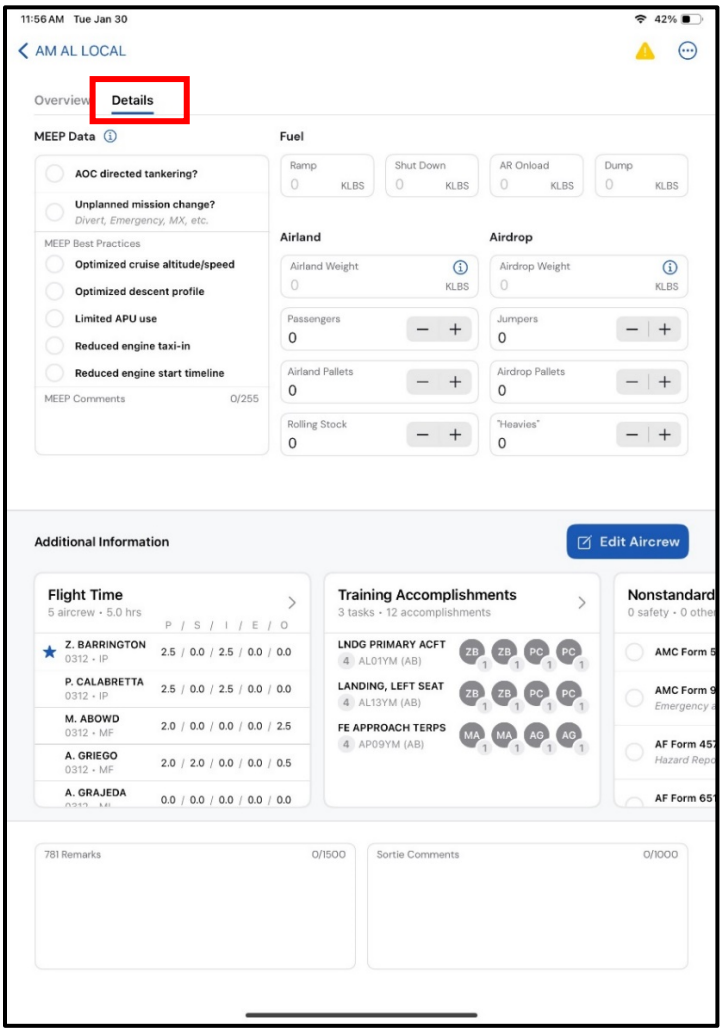

If you claim a Night Landing (AL15YM), be sure that there is **Night Time logged**

If you claim **any Instrument Approaches (AP15YM, AP33YM, AP41YM)** **Instrument or Simulated Instrument Time must be**

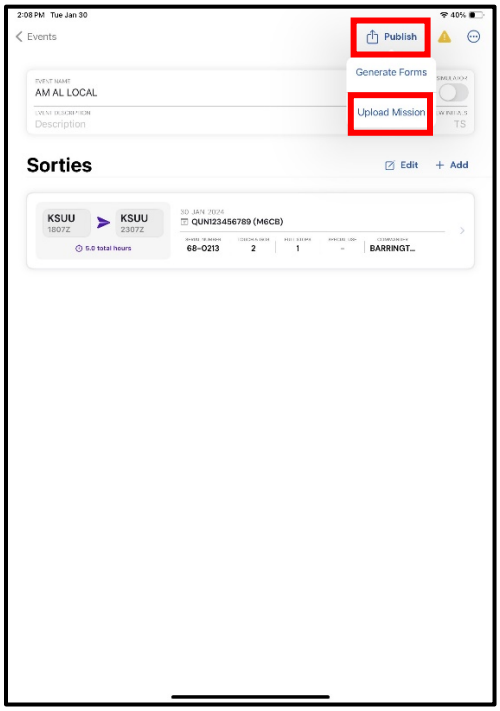

STOP! If you need to add a sortie, repeat steps 5-15.

14. Before you publish, you will need to complete the Puckboard Fuel Tracker

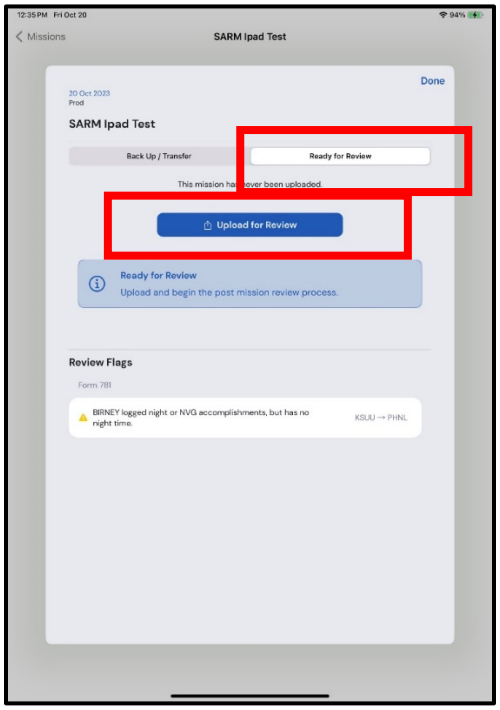

- **a.** Reference the “MEEP Guidebook” in BOX

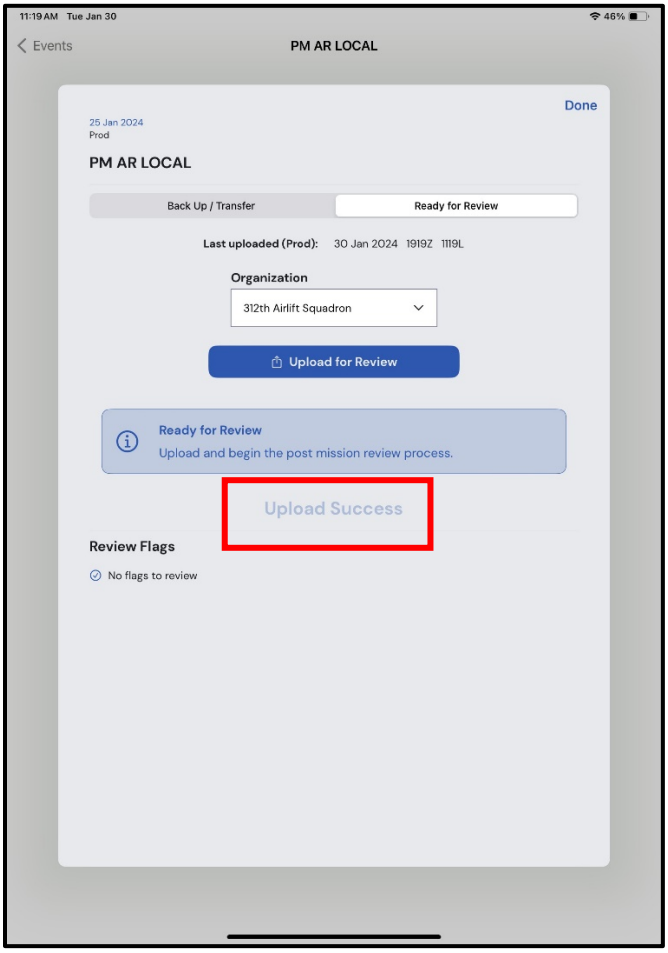

15. To publish: Go back to the main page (Sorties page) and click on “Publish”, then select “Upload Mission”

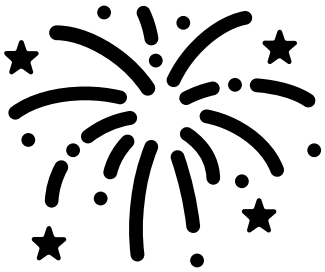

16. Select the “Ready for Review” tab, and finally select the “Upload for Review” button

17. Ensure you receive an “Upload Success” message after you upload.

18. Finally, you are all done! SARM will see the 781s/MAR sheets on their end. =)

The end.
