About eFinance

eFinance Workspace (eFinance) is an application that assists Active Duty and Reserve Air Force members with the paperless submission of PCS-related documents, military pay documents, and non-DTS TDY vouchers. In addition, Civilians can also use the application to submit non-DTS TDY vouchers.

About this Guide

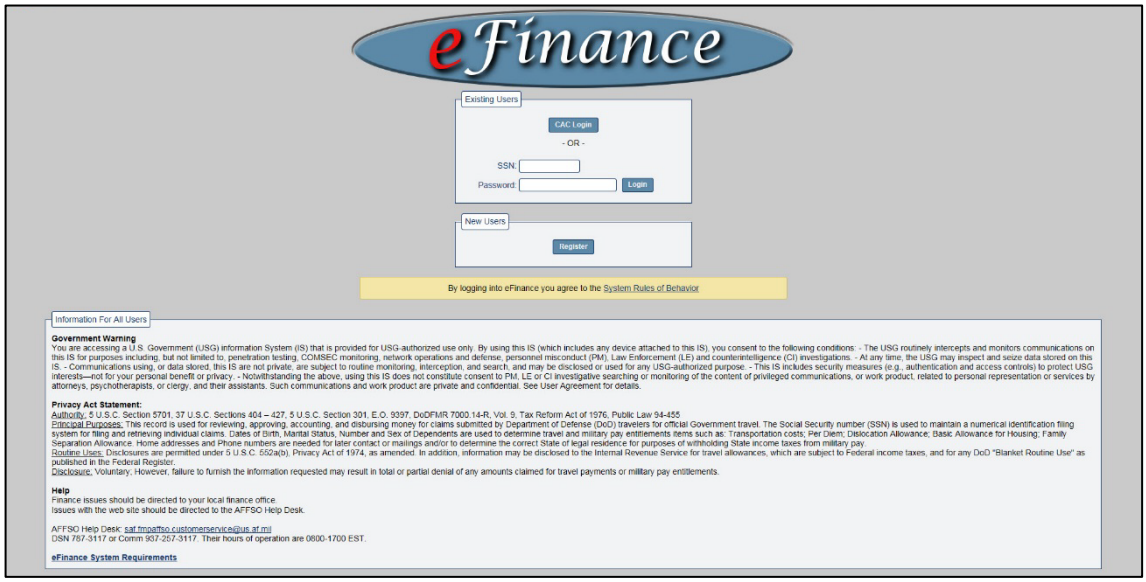

The purpose of this quick start guide is to introduce users to the eFinance application. The guide provides users with the steps needed to access the software, create an account, create a user profile, and create a package. For detailed instructions see the eFinance User's Guide.

Additional Resources

Go to the eFinance Section of the AFFSO Hub to access additional documentation:
https://cs3.eis.af.mil/sites/OO-FM-MJ-59/AF-FM-XF-01/SiteAssets/eFinance%20Workspace.aspx

1 Access eFinance

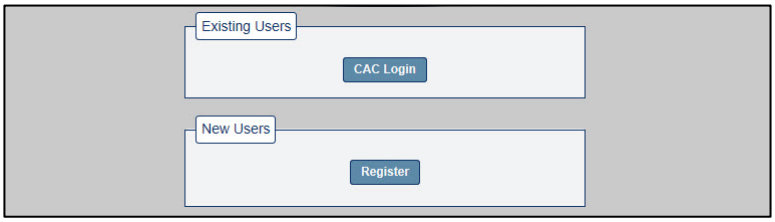

Go to https://efinanceworkspace.wpafb.af.mil in your web browser.

2 Create eFinance Account

This step is for new users. If you are an existing user go to Step 3, Create User Profile.

Click the **Register** button in the New Users section.

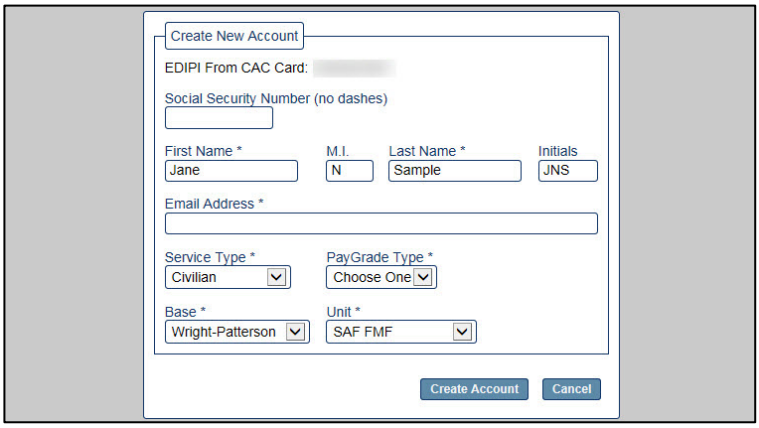

Select a certificate and click **OK**.

Complete the mandatory fields (*) and click the **Create Account** button.

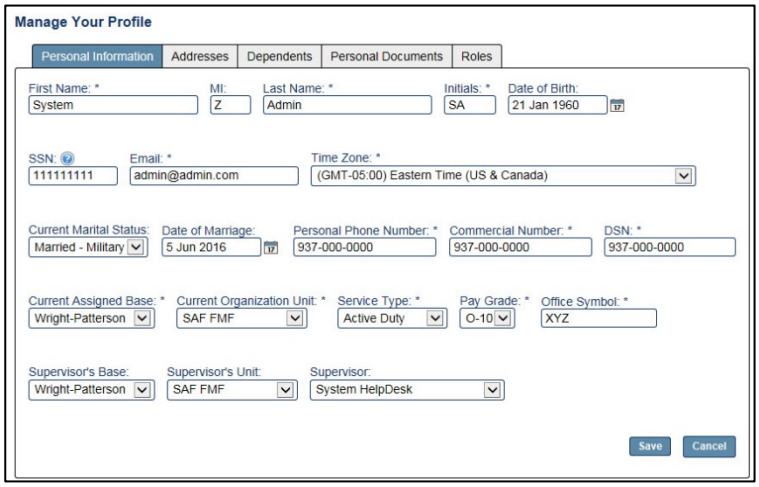

You will be directed to the Manage Your Profile screen.

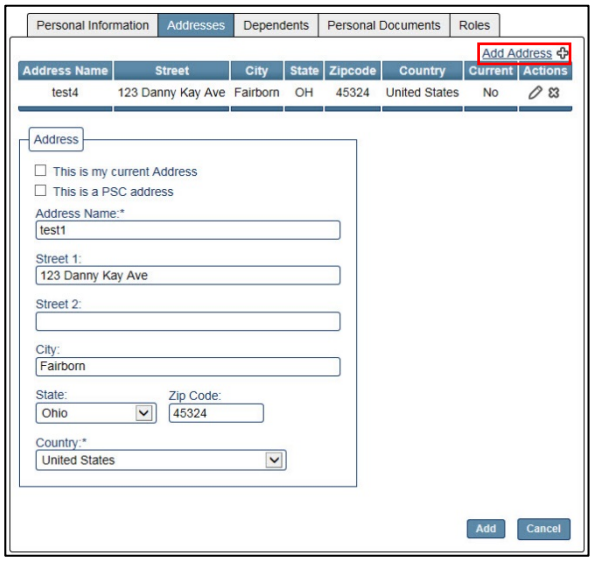

3 Create User Profile

It is necessary to complete all mandatory fields (denoted with an asterisk) on each tab. eFinance pulls information from your user profile when creating forms and packages. If you have already created a user profile, verify that the information in your user profile is up-to-date.

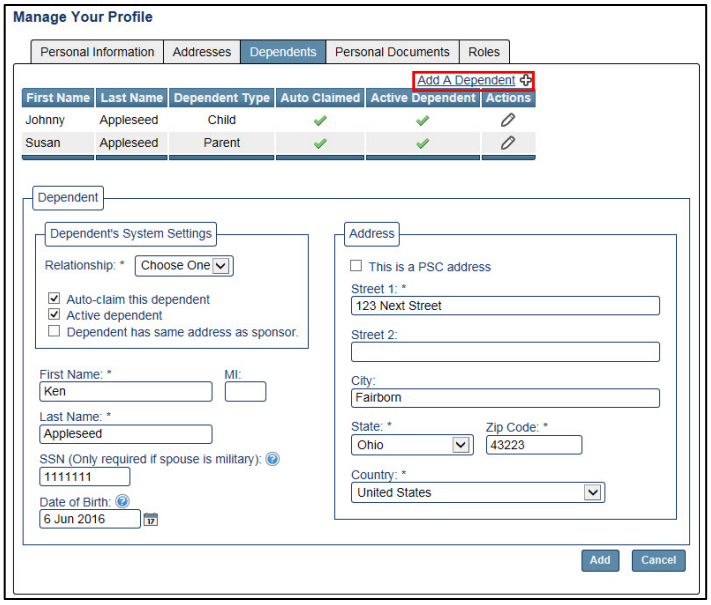

On the **Personal Information** tab, complete all Mandatory fields (*) and click **Save**.

On the **Addresses** tab, Click the **Add Address** link, complete all Mandatory fields (*) and click **Add**.

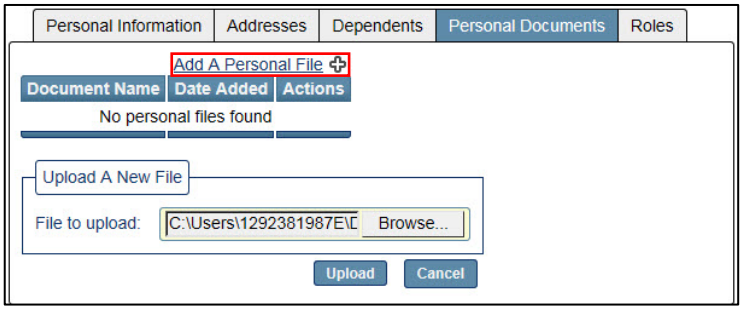

On the **Dependents** tab, Click the **Add a Dependent** link, complete all Mandatory fields (*) and click **Add**.

On the **Personal Documents** tab, click the **Add a Personal File** link.

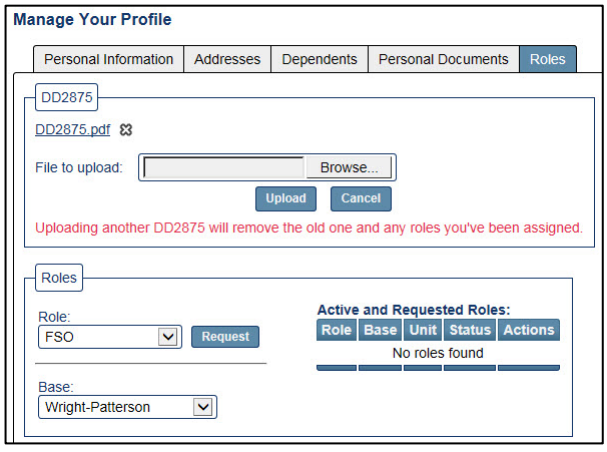

In the **Upload a New File** section, browse to a document and click **Upload**.

On the **Roles** tab, browse to your completed DD2875 and click **Upload**.

In the **Roles** section, select a Role from the **Role** drop down and select a Base from the **Base** drop down.

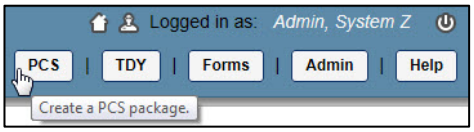

Click **Request**.

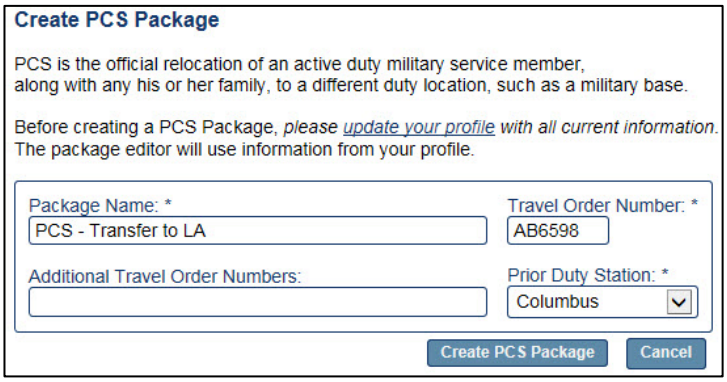

4 Create a Package

The create package feature enables users to create PCS, TDY, and Custom packages. A PCS package is created as an example in the steps below.

Select **PCS** link in the header.

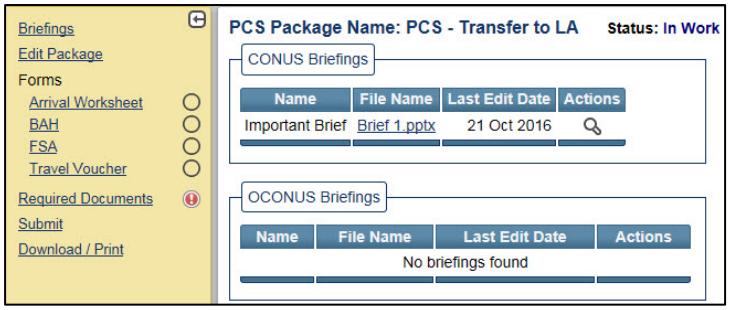

Complete the mandatory fields (*), and click the **Create PCS Package** button.

Click the **Briefings** link in the sidebar.

If there are any briefings listed, click the file name or click the **View** icon to download the briefing.

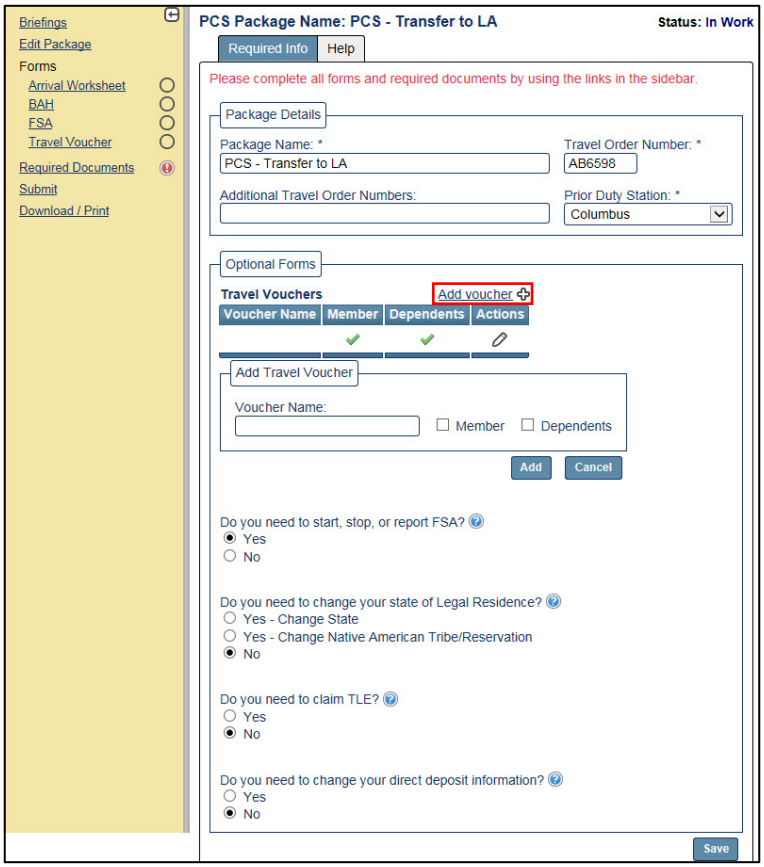

Click the **Edit Package** link in the sidebar. If applicable, in the **Package Details** section, edit information as needed.

(Optional) If you want to attach a voucher for a dependent who traveled separately from you, in the **Optional Forms** section, click the **Add Voucher** link to add a travel voucher. To choose another optional form select **Yes** next to one or more forms.

Click **Save** to save the package.

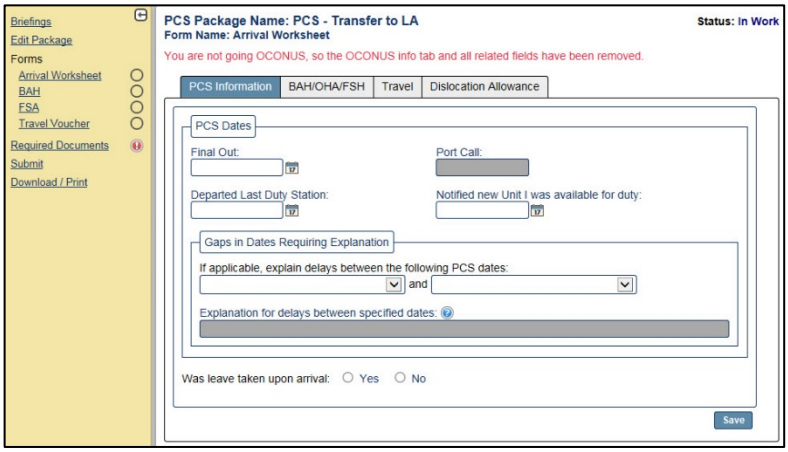

If you added a form, it will display in the sidebar under the Forms title.

Click the **Arrival Worksheet** link. Complete all fields on all tabs and click **Save** to save the form.

Note: The Arrival Worksheet form must be completed before completing the other forms.

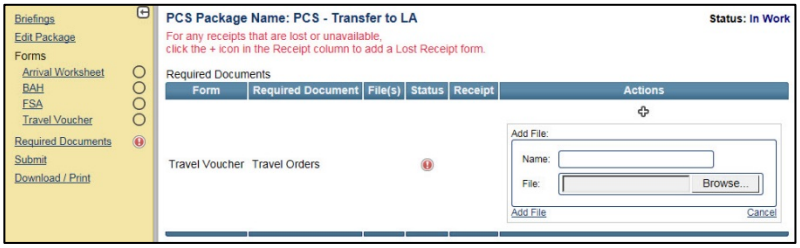

Complete and **Save** all forms listed in the sidebar.

Click the **Required Documents** link in the sidebar.

In the **Required Documents** Table, select the **Add** icon in the Actions column.

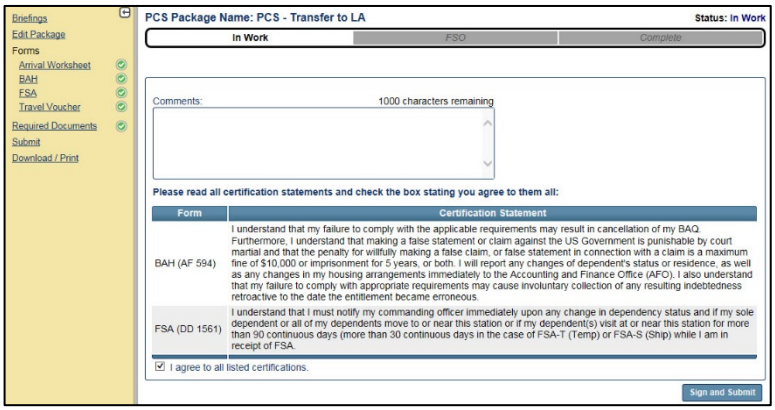

Enter a **File Name** in the Name field (optional), browse to the file, and click **Add File**.

Click the **Submit** link in the sidebar.

Enter comments in the **Comments** field if applicable.

Check the "I agree to all listed certifications" checkbox and click the **Sign and Submit** button.

Select a certificate and click **OK**.
